This will be based on an area covered in the programme. Assessment takes place within three months of completing the NPQ programme that will be an unseen case study of 2,000 words. Delegates will have 7 days to submit a response in no more than 1500 words. An extra, optional online seminar offering assessment guidance and support will be available to colleagues.

## Impact and Evaluation

We want to make sure schools in Leicester and Leicestershire get the best specialist leadership training and support to succeed. That's good for our young people, who get brilliant leaders. It's good for our teachers who want to progress. It's good for our schools who get to develop and keep talented staff.

The leaders of the programme have been really friendly and approachable. They clearly have so much knowledge between them and have been open about sharing their experiences. There is a good mix of primary and secondary colleagues so you feel you are represented from your particular phase of education.

2021 LeLTSH NPQSL colleague

*The NPQSL has been transformative for me in terms of enabling me to develop my understanding of the bigger picture and, in turn, my own vision. I have become much braver - taking ideas to SLT and asking to take the lead on diagnosing issues, then working in partnership with SLT to develop a strategy. I think the structure of this programme helped me become more reflective and proactive. I feel I am working in a smart way by using evidence much more, rather than gut reactions or feelings.*

2022 LeLTSH NPQSL colleague

Completing this course alongside my current leadership role has been invaluable. The programme has been delivered superbly by the leaders. They have made our online seminars and conferences fulfilling and realistic.
