

Relationships

Promote specialist local networks to support TSH activities across all phases and settings including early years, special schools and alternative provision by...

Establish an annual Induction Leads Conference to build confidence, clarity, and consistency around the role of Induction Lead in schools.

Programme Delivery

Consider the needs of the range of participants when planning delivery, e.g., single parents, religious festivals, part-time staff by...

Designing and implementing a process to identify and respond to participant learning needs across ECF and NPQ programmes, supporting equitable access and differentiated delivery.

Evaluation

Use implementation outcomes to assess the effectiveness of programmes and fidelity of programme delivery activity by...

Developing, piloting, and refining a shared evaluation tool to capture learner impact and behavioural change across the ITT, ECTP and NPQ programmes — working in partnership with ImpactEd and five other Teaching School Hubs.

Evaluation

Take a strategic approach to assessing and evaluating the impact of hub activity in relation to achieving KPIs by...

Refining AB quality assurance tools and processes to align with updated statutory guidance and introduce a school-level QA tracker and vulnerability index to ensure targeted, proportionate support and visits.

Relationships

Maintain local and regional partnerships, utilising knowledge and expertise

Promote specialist local networks to support TSH activities across all phases and settings by...

Enhancing the effectiveness and coordination of work with RISE teams through strategic planning, data intelligence, and communication pipelines, especially around Universal and Targeted support.
