

Primary Geography Workshops

For KS1 & KS2

Summer Term 2025-26

www.eltsh-tmet.uk

The workshops will be led by Jackie Zammit, a geography specialist who leads primary geography networks in the West Midlands and London and a consultant with the Geographical Association. Jackie has taught for the Field Studies Council, worked with teachers on development issues and was a regional coordinator for the Global Learning Programme. She is currently an Associate Practitioner with Lifeworlds Learning, supporting outdoor learning and fieldwork at two residential centres and co-producing educational resources for PositiveNegatives, an animation company.

£30

per online
workshop

£99

for Session 8
face-to-face
day

Session 5 – Enquiry and Oracy in Primary Geography - Monday 20th April 2026

We will take a step-by-step approach to the Enquiry Cycle and share ways for enabling pupils to actively participate in all stages, from formulating questions to discussing and debating their findings. We will think about how an enquiry approach can support fieldwork, a sense of place and the exploration of issues.

Session 6 – Fieldwork Foundations - Monday 11th May 2026

In this session we will explore the range of techniques available to us for high quality primary fieldwork. All the techniques can be used in the school grounds and local area, as well as further afield. We will also consider how technology, as well as virtual fieldwork, can help us. Progression documents will be shared.

Session 7 – Mapwork in Primary Geography - Monday 8th June 2026

We will look at progression in mapwork including digital mapping. The session will focus on the opportunities for mapwork in primary schools and how to incorporate regular opportunities for children to practice and develop their mapwork skills.

Session 8 – Embedding Fieldwork using your Local Area - Monday 22nd June 2026

THIS IS A FULL DAY, FACE-TO-FACE WORKSHOP, 9.30am TO 3.30pm

This in-person course gives you the opportunity to put fieldwork techniques, enquiry approaches, and mapwork skills into action. We'll begin in the classroom by generating questions and planning our exploration of the local area. After completing the fieldwork, we'll return to analyse and present our data, and discuss how to refine techniques to best meet the needs of your pupils.

Attendance at the previous online sessions is not required, but will help you gain even more from the day.

**Sessions 5, 6
and 7 are on
Zoom**

4pm - 5.30pm

**Session 8 is
full day
face-to-face**

**at the
TS Hub**

**9.30am to
3.30pm**
