Analyse School Performance (ASP) and Inspection Dashboard
for Senior Leaders

The workshop is facilitated by Giles Osborne who is currently a Lead Academy Improvement Partner, Chair of Governors, and an ex Executive Headteacher of an all-through school. He has worked in a range of good and outstanding schools and was formerly an advisor to Kent LEA and a Senior University Lecturer at Brighton, Cambridge and Canterbury Christ Church. Giles is a national trainer for ASP and is currently supporting academy chains on preparation for Ofsted and data strategy, as well as working with a range of alternative provisions. He is also the co-creator of 'TEAM', the National Database for SEMH schools and PRUs, and a national bench marking tool and progress model.

1 Day Workshop

(Face-to-face)

~

9am to 2pm

This workshop offers you the opportunity to gain guidance and support on how to use the **Analyse School Performance Service (ASP)** effectively, in order to improve school performance. It will be directed towards navigating, interpreting and evaluating the data provided, in order to gain the highest possible value from the information.

By attending the workshop you will learn how to:

- Effectively navigate the Analyse School Performance (ASP) Service

- Interpret and analyse the data within the new ASP Service (using your own school data from last academic year)

- Gain an insight as to how Ofsted could view your data

To complement this, the workshop also looks at the **Inspection Dashboard** and focuses on providing technical guidance for using it. It also looks at the methodology used to highlight strengths or weaknesses in the data contained within the dashboard.
